

**MAKING bread in a** Bedouin tent on the deserts of Arabia is quite a different proposition from baking bread in our modern establishment—a difference the people of this community appreciate.

## Our Bread

has that delicious flavor that gives it a place distinctively its own in homes where "good eating" is appreciated. The same thing is true of our pies, cakes, doughnuts and all other forms of pastry.

Quality and cleanliness are the twin mottoes of this bakery at all times.
